## FOREWORD

---

The Education Management Information System (EMIS) report for the year 2022 A.D., published by Makawanpur Multiple Campus, serves the purpose of informing to the stakeholders of MMC about the statistics and information about the campus. This report provides valuable information on student enrolment, physical status, pass rate, research activities, financial activities, scholarship, and extracurricular activities.

The EMIS report reflects the collaborative efforts of educators, administrators, and stakeholders who understand that the foundation of a thriving society lies in a well-educated populace. We hope it helps for measuring educational outcomes and also shaping them through strategic initiatives and innovative approaches.

In terms of campus enrolment, the total enrolment is 3415. The total numbers of pass students are 646 and 299 out of 2577 and 299 students respectively in annual and semester program of Bachelor's Degree. In terms of graduated students, there are 321 students graduated. The campus has 83 teaching faculties and 30 non-teaching staffs. 52 faculty members published research articles in 2022 A.D.

Finally, we extend my heartfelt appreciation to all those who have played a role in the development of this report. Moreover, we would like to acknowledge and commend exceptional contribution of the hardworking staff of the EMIS unit of Makawanpur Multiple Campus.

## Section 1: Introduction

### 1.1 Brief Introduction of Institution

Makawanpur Multiple Campus (MMC), a pioneer non-profit making public campus of Makawanpur district established in 2037 B.S. with the view of providing higher education not only to the people of Makawanpur district, but also the aspiring people from neighboring districts such as Bara, Parsa, Rautahat, Sarlahi, Dhading, Kavre and Sindhuli.

This campus has been running bachelor's programs in Science, Management, Humanities and Education affiliated to T.U.. Likewise, Master's degree programs in Management, Humanities and Education are running quite effectively. It has been providing quality education at the affordable rate of fee. Our students have become able to achieve the first, the second, and the third position in the final examinations held by T.U. in different years.

MMC is moving ahead with an aim of fulfilling all the requirements to meet the aspired goals and objectives with the collective efforts of all the concerned authorities. The campus still has to do a lot of endeavors to be a leading and vibrant educational institution of the nation.

Currently, the campus is running academic programs of different levels and faculties that have been mentioned below:

**Table 1.1: Academic Programs in Campus**

## **1.2 Education Management Information System**

The importance of information and data in a campus is immense. It is very important to have up to date information and data which is crucial for administrative tasks, academic planning, and overall campus management. From student records and grades to faculty schedules and resource allocations, data helps in making informed decisions and maintaining the efficiency of various campus operations.

It's not just about the administrative side either; students benefit from having access to relevant and timely information about courses, schedules, and campus events. Plus, data plays a key role in research and academic development, helping institutions track trends, assess performance, and continuously improve their educational offerings.

MMC has established an Education Management Information System with the support of UGC and self-financed by the campus. We have developed different indicators as needs of campus to process the data. This report is 1<sup>st</sup> attempt to bring out the comprehensive EMIS report of Makawanpur Multiple Campus. The purpose of this report is to provide adequate, accurate, timely and reliable data to the stakeholders of the campus.

The report covers the campus enrollment, examination records, physical status, research status, scholarship details, faculty development related details.

In essence, information and data are the backbone of a well-functioning campus, ensuring that everyone—from administrators to students—can navigate the academic landscape with ease and make the most of their educational experience.

## **1.3 Organization of the Report**

There are total 10 sections in the report. The first section provides the introduction of institution and report, second section is about Physical Status of institution and the third section provide the total Enrollment in the campus.

Section four gives the overview of Result of different levels and programs. Section five is about Graduated status and section six presents the status of Human Resources in the campus.

Section seven includes the Research activities of the campus. Section eight shows the data on Scholarship. Section nine provides data on Extra-Curricular Activities. Section 10 shows the data related to financial status of the campus.

## **1.4 Methodology**

The report is prepared with the help of administration, exam, finance, library and procurement department of Makawanpur Multiple Campus.

### **1.4.1 Data Collection**

Data is collected from the administration, exam, finance, library and procurement department of MMC.

### **1.4.2 Data Processing**

The data collected from the concerned department is stored and managed by EMIS unit of MMC. Those data were processed and transformed to the require format.

### **1.4.3 Scope and Limitations**

Data collection is time-consuming and tedious processes as we are not updated our data in our Education Management System. It is also very challenging to get data timely due to not publishing result timely by the University.
